STEWART-WARNER

Heavy Truck Instruments, Senders & Accessories

Quality instrumentation you can count on – a true American icon. From stylish gauges to quality accessories, sensors, senders, and switches, we have the right product to help you get the engine performance and information you need, when you need it. From heavy-duty vehicles to the iconic rides, Stewart-Warner brand products keep on working, year after year. With a deep breadth of products and applications, we are a premier partner for customers across several industries that are looking for a “one-stop shopping” experience.

For a full listing of HD truck parts go to www.stewartwarner.com
Distributors have access to PIES data for easy integration.

Hourmeters

Track the service hours of your vehicle and develop your maintenance schedule based on accurate data delivered by a sturdy and accurate hour meter. Totally sealed, with quartz accuracy, Stewart Warner hour meters indicate hours and tenths within an accuracy of $\pm .02\%$.

Type	Range	Size	Part Number	Freightliner
2-Hole	99999.9	Rectangular	SW83500	SW 83500

3-Hole	9999.9	2-1/16"	SW83501	
4-Hole	9999.9	2-1/16"	100690	
U-Bracket	9999.9	2-1/16"	100222	
U-Bracket	9999.9	2-1/16"	SW83502	
U-Bracket	9999.9	2-1/16"	SW83503	

Gauges

Receive reliable data for your most crucial engine functions with quality manufactured gauges, expertly made in compliance with today's industry standards. Stewart-Warner's rugged and reliable gauges offer both mechanical and electrical options. Add in the bold white-on-black graphics, night-time illumination, white pointers and raised black bezels, and you get the best of quality data that works with a classic design.
